

The 1930s and 1940s . . . Pain and Pleasure: An Eyewitness to History, 2003, Wendell Trogon, 0972403310, 9780972403313, Backroads Press, 2003

Author Wendell Trogon has combined news events with biographical detail to weave a fascinating review of two of the nation's most significant decades. He makes the 1930s and 1940s come alive with stories about common folks and newsmakers and the events that made a nation weep, then rebound from each setback. He reviews the Great Depression and World War II, mixing anecdotes and his personal experiences as an Indiana farm lad as he writes about sadness and happiness. It is a book that will awaken memories for senior citizens. For younger readers, it is history in capsule form, easy to read, yet significant in detail.
